## BIOGRAPHY

Dimitri has been passionate about music from a very early age.

His first releases date back more than 10 years and got played by big names like **Carl Cox**, **Mark Broom**, **Luke Slater** and many others. Since then, Dimitri evolved and built up his career as an experienced high quality DJ and producer.

In 2003 a first break-through came when he released '**Panther ep**' on the prestigious and artistically highly appreciated label **Music Man**. The ep sold well, received many positive reviews and delivered invitations to perform at major European parties such as **I Love Techno**.

More releases followed and Dimitri continued working and producing in his studio on lots of different projects, always with lots of attention for the groove in his work. His productions are getting played worldwide by the biggest DJs who all appreciate this typical groove and the pro-pulsing arrangements as ideal ingredients to make the floor go wild.

In 2008, Dimitri released a new pearl, '**Run and hide**'. The track was a first step in a more emotional curve of his productions. Soon after he made remixes for **Marc Romboy** and **Chelonis R jones** (Get Physical) on Systematic recordings.(**Elif**, **Pompadour**) As well as some very deep emotional remixes he also made more energetic remixes on **MB Elektronics**, **Girafe sauvage** that year.

More collaborations with other DJs, artists and producers occur again in 2009. Lately Dimitri has been working with Marc Romboy in the studio and together they remixed a track from Marc's latest Album, '**The Beat**'. A few months later, Dimitri released '**Pharaoh**'. Again he produced not only the music, but also a video on this track. As he's also working on tv commercials and different side-projects, these experiences mirror more and more in his cinematic way of arranging tracks. Due to these experiences, Dimitri now creates a music video for most of his releases. 2009 also saw releases and remixes appearing on **Suara**, **Circle Music**, **Robotronic Recs** and **Yoshitoshi**.

2010 starts with a remix for **DCI** Label (Ali "Dubfire" Shirazinia en Sharam Tayebi of Deep Dish) with **Sharam's 'Say Yeah'**. Dimitri's second release for the Sytematic label '**Snickerz'** takes you on an emotional journey once more. Snickerz took Dimitri Andreas to a 29th place on **Beatport** and **Ben Watt** introduced Dimitri Andreas on his radio show with an exclusive mix. New releases are coming up as we speak with the new track '**Medellin**' celebrating the 60th release of **MB Elektronics (Marco Bailey**). The German based label '**Sproutmusic**' is releasing a Dimitri Andreas remix of the Mexican band Xiaha Troden with the track '**Mira Negra'**.

Dimitri Andreas was also asked by **Pioneer** to write the soundtrack for their movie **'Your Pioneer...Your Passion**' you can watch the result <u>here!</u>.

DJ

With new material in the pipeline, Dimitri Andreas will be heading out on the road again so be ready to party this summer at **'The Fuse'**, **'Dour Festival'**, **'10 days off'**, **Laundry Day** and many more. (**BBC** 1): everything on here is brilliant.I-DJ: Really liking the Pete Tong warpedness in this, support from me Juice fm Liverpool (steve parry) wowzer - Run and Hide is Awesome - main mix is absolutely superb!!!anja schneider:just to let you know Dimitri Andreas / afrilounge Remix is fuckin great !!! Amazing reaction on the floor.I love it .ONLY 4 DJS Excellent EP !!!! I play it and it will be featured in my next ONLY FOR DJ's compilation. Review confirmed for September as well.DIMITRI \*\*\*\* ANDREAS 'Run And Hide' (Systematic) >Podcast Ce jeune producteur a un talent monstrueux. 'Run And Hide' devient instantément un classique deep minimale et housy. La rythmique est dubby et juste un peu tribale, alors que la progression et planante, tout comme ce superbe vocale féminin qui hérisse le poil. On a en prime des remixes haut de gamme, notamment grâce à Guido Schneider. Sublime ! (Only For DJ's - Ludovic Rambaud, Septembre 2008)Stu bru (tomaz): Got it and like it a lot. Very different form the DA stuff we heard before. Deep dark and moody. Great remix by Guido as well. Full support Radio Vibrations: Ouch I did not receive this track, but it's ACE !! My favorite is the original one, will play it for sure !!Rotationz: Wow, very nice to receive a promo from a Belgian producer on a big label like Systematic! Always a pleasure because we can use it in Belgium! Even better is that the track is great :-) The original has everything what is needed: a pumpy house rhythm, a nice mnml melody & small electro influences, some surprising breaks,... and off course that sick voice which makes this record stick into your mind! I prefer the Original, and the Guido Schneider Remix which strips it down to the essential mumbling of the vocal: simple but at the same time brillant! Definitely on my playlist, because it's Belgian but not only because it's Belgian, it's more than that, this is sooo good! Deejay (spain) - review Deejay -Oh, oh, oh, Dimitry Andreas's record is soooo nice!!! Original track is one of most amazing tracks that I've heard during this year! #1 in my Oct chart! Miradio (ES): Marc again with his "fine eye" for to book the best tunes for Systematic...Tremendo release 10/10 original and remixes special attention afrilounge remix...will play this weekend at ibiza...Privilege close party saturdays and Ibiza global set 21-22 hours Radio 538(NL): we love dimitri andreas!
